Process for DMP completion

- Format

- Tool

- Communication

Presentation at the kick-off meeting

- Slot at the plenary (15 + 20)

- Status

- Open questions

- Breakout group

    - Planning of contents (variable list)

    - Data publication

Next DKRZ computation time request

- Kerstin needs a lot of input, more than for the initial proposal

  - She will ask around

- A good DMP will be the basis for increased resources in /work

- Collect the available data (published and non-published)

  - Write email with call to collate data in "some collaborative resource"; refer to final reports of the WG's from phase 1

Consolidated variable list

- Take PMIP data request
- Isolate essential variables in collaborative assessment among all WPs
- Asap; Karsten writes Email
